## INTRODUCTION

Sport can and does have a very powerful and positive influence on people – especially children. Not only can it provide opportunities for enjoyment and achievement; it can also develop valuable qualities such as self-esteem, leadership and teamwork. These positive effects can only take place if sport is in the right hands – in the hands of those who place the welfare of all children first and adopt practices that support, protect and empower them.

The reality is that abuse, not only sexual abuse but physical and emotional abuse, as well as bullying, does take place in sport although rarely; and in some cases, coaches and other trusted adults in sport including Rugby League have been convicted of such offences through the courts or found guilty of Misconduct by the RFL.

The RFL is committed to working in partnership with all agencies to ensure that information and training opportunities are available to ensure and promote best practice when working with children. Adopting best practice will help to safeguard these participants from potential abuse as well as preventing any unfounded allegations of abuse being made against coaches and other adults in positions of responsibility. The RFL Safeguarding Policy allows children to excel in a safe environment and transmit a reassuring signal to parents that positively impacts on participation.

This document is binding for the game as a whole to everyone in Rugby League, whether involved in either a professional or voluntary capacity or as a parent, spectator or participant.

It is recognised that child abuse may be an emotive and difficult subject, however everyone in Rugby League has a duty of care towards children and other vulnerable players and officials and must help to protect them from abuse.

## **1 SAFEGUARDING POLICY**

### **1.1 INCORPORATION**

**The RFL Safeguarding Policy and associated policies and procedures have been adopted by the whole game. All individuals involved in Rugby League in England at every level, including but not limited to players, match officials, coaches, administrators, club officials, parents, agents and spectators and all are bound to abide by this Policy, by the RESPECT Code of Conduct, by the Tackle It Policy, by the Rugby League Coach's Code of Conduct and by any other applicable Code of Conduct published by the RFL. **The RFL recognises that all children have a right to be protected from abuse irrespective of their age, gender, culture, disability, race, faith, religious belief and/or sexual orientation.**

**The child's welfare is paramount and will be put before other considerations such as winning matches or the success and achievement of adults or clubs or representative teams.**

**The RFL recognises that abuse and poor practice does take place in sport and that raising awareness and understanding of the main forms of abuse and poor practice and encouraging reporting if abuse or poor practice is suspected, will further safeguard children participating in Rugby League.**

To ensure clarity and consistency in the matter of issues relating to Safeguarding, all Members of the RFL have delegated responsibility to the RFL.**

## **1.6 DEFINITIONS & ASSUMPTIONS**

**This Policy is based on the following principles:**

- **Child - This policy recognises and builds on the legal and statutory definitions of a child, the distinction between ages of consent, civil and criminal liability are recognised but in the pursuit of good practice in the delivery and management of Safeguarding in Rugby League, a child is recognised as being under the age of 18 years (Children's Act 2004 definition).**
- **Adult at Risk – “any person aged 18 years and over who is or may be in need of community care services by reason of mental health issues, learning or physical disability, sensory impairment, age or illness and who is or may be unable to take care of him/herself or unable to protect him/herself against significant harm or serious exploitation”. Throughout this policy any reference to a child also applies to a young person or adult at risk unless otherwise stated.**
- **Confidentiality should be upheld in line with the Data Protection Act 1984 and the Human Rights Act 2000 with the rider that the welfare of the child is paramount.**
- **The term “parents” used throughout this document as a generic term to represent parents, carers and guardians.**
- **The term “club” is used throughout this document as a generic term to represent any Rugby League agency in charge of players under the age of 18 years or vulnerable adults and includes, but is not limited to, Leagues, schools, festivals, tournaments, representative sides and Match Officials Societies.**

The CWO must have a formal role on the club's management committee and be supported by the management committee. The CWO will require support from the club, and designated training and support will be provided by the RFL. **The MOSWO has the same role and requires the same knowledge as a CWO as set out above. Throughout this Policy where the term CWO is used the same applies to a MOSWO where applicable.**

## **3 BEST SAFEGUARDING PRACTICE IN RUGBY LEAGUE**

### **3.1 DUTY OF CARE**

**Every person, club, league or other organisation in Rugby League has a legal duty of care to ensure the safety and welfare of any child involved in Rugby League or related activities, to safeguard them and protect them from foreseeable forms of harm.**

**Safeguarding involves all involved in Rugby League acknowledging that this duty of care exists and putting practical measures in place throughout the game to minimise the likelihood of foreseeable harm arising.**

### 3.2 GETTING THE POLICIES & PROCEDURES IN PLACE

The following is a list of the fundamental duties of every Club to demonstrate this duty of care. Other organisations such as Leagues, schools, festivals, tournaments, representative teams and Match Officials Societies must take the appropriate and relevant steps for their circumstances – the RFL is available to offer advice as required.

All clubs must:

- Display their Club's own Safeguarding Policy Statement prominently
- Follow the RFL reporting procedures for concerns, allegations and disclosure
- Recruit, appoint and arrange for the training of a CWO who is the designated contact for Safeguarding issues ☑ Adopt the RESPECT code of conduct
- Have a Safeguarding policy which everybody at the club understands and puts into practice on a daily basis.
  - Ensure that the following policies & procedures exist within the Club:

#### Policies

- Safeguarding Policy
- Selection & Recruitment Policy
- Whistle Blowing Policy
- First Aid Standards
- Dressing Room Policy
- Anti-Bullying Policy
- Equality Policy
- RESPECT
- 100% ME Anti-Doping Policy
- Confidentiality and Data Protection
- Managing Challenging Behaviour & the Use of Force
- Travel Policy
- Social Media Policy

#### Procedures

- Procedures for reporting concerns of abuse or poor practice child
- Complaints & disciplinary procedures
- System for collecting player information and parental consent
- A forum for children to express their views
- Information for parents and children
- Transport & away game/tour procedures
- Recruitment and Selection procedures

These policies and procedures are available on the Heworth and RFL website

### 3.3 RECRUITMENT, EMPLOYMENT AND DEPLOYMENT OF STAFF AND VOLUNTEERS

Anyone may have the potential to abuse children and some sex offenders use sport as a means to access and groom children in preparation for abuse, therefore all reasonable steps must be taken to ensure that people who are potential perpetrators of abuse or are otherwise unsuitable to work with children and young people due to their sexual or other behaviours are prevented from doing so.

It is also important to ensure that individuals who have a record of violence or an inability to control their temper or a record of domestic or animal abuse or abuse of drugs are appropriately risk assessed and where appropriate do not have access to children.

However, having a criminal record does not necessarily prohibit an individual from working with children. The RFL are obligated to conduct thorough risk assessments on any DBS disclosures that include relevant information. All staff involved in the risk assessment process are trained and carry out risk assessments in line with their training and the provisions of the RFL Policy on the Rehabilitation of Offenders. It is essential that the same procedures are used consistently for all posts whether staff or volunteers are full time or part-time.

Under this Policy all individuals working on behalf of, or otherwise representing, an organisation is treated as employees whether working in a paid or voluntary capacity.

All Clubs at all levels must use the recruitment procedures set out in detail on the RFL website and these must be followed for all relevant recruitment whether of staff or volunteers. Clubs should remember that these procedures should be applied to people who are already involved in the club and subsequently take on a role which gives them greater access to children. Clubs should ensure that those staff and volunteers already involved in the game undergo the appropriate parts of the recruitment procedures in particular DBS checks, although these are only part of a safe and effective recruitment and selection procedure.

In particular, pre-appointment checks should be made including carrying out Disclosure & Barring Service (DBS) checks through the RFL and taking up references. DBS checks must be completed every three years for existing staff or more frequently if instructed to do so by the SCMG. Coaching staff must have their qualifications checked and their coaching licence must be inspected and the number recorded. Coaches must also be reminded that they have agreed to abide by the Coaches Code Conduct and the RESPECT Code of Conduct. Coaches (and other volunteers where relevant) should be given copies of these documents

Once volunteers and staff are in place it is essential that their behaviour and performance is monitored and feedback given. Club Management should be vigilant and look out for any concerns about poor practice or abuse and act on them at an early stage following the guidelines in this document. The Club management should also offer appropriate support, through liaison with the RFL Safeguarding Manager to those who report concerns/complaints.

### **3.4 GENERAL PRINCIPLES OF GOOD PRACTICE**

The following is a non-exhaustive list of the general principles of good practice with children:

- Treating all children equally, and with respect and dignity
- Promoting a culture which ensures children are listened to and those views acted on
  - Respecting all children as individuals
- Always putting the welfare of each child first, before winning matches or achieving goals
  - Making rugby league fun, enjoyable and promoting fair play
- Ensuring that all disciplinary sanctions are fair, proportionate to the issue and the child's age, and do not involve violent or physical punishment or humiliation
  - Communicating with parents to promote positive outcomes for children
- Physical exertion, e.g. running around the pitch should not be used as a method of punishment
- Always working in an open environment (e.g. not having private or unobserved situations and encouraging an open environment (e.g. no secrets)
  - Maintaining a safe and appropriate distance, both physical and emotional, with children
- Building balanced relationships based on mutual trust which empowers children to share in the decision-making process
- Not having sexual relationships with children at the club including 16 or 17 year olds - this includes all coaches and other staff or volunteers at a club

- **Being an excellent role model – this includes not smoking or drinking alcohol in the company of children whilst undertaking any role within an RFL setting, promoting a healthy diet and condemning the use of illegal and performance enhancing substances**

### **3.5 EQUALITY & DIVERSITY**

**Equality protects people from being discriminated against on the grounds of group membership i.e. gender, race, age, disability, religious beliefs, faith and sexual orientation. It is based on the legal obligation to comply with anti-discrimination legislation. For more information on relevant Equality legislation please contact the RFL.**

**Diversity is recognising, valuing and respecting the diversity of everyone. Diversity encompasses visible and non-visible differences which may include, but are not limited to, differences protected by the Equalities Act 2010.**

**All employees and volunteers should guard against making assumptions about an individual's identity based on stereotypes. As well as being inappropriate it can be very misleading making it less likely that a worker will be able to identify any problems or concerns or gain the trust and respect of the individuals that they are working with.**

**Why is a commitment to Equality and Diversity essential?**

- 1 It is morally the right thing to do – both in terms of everyone's wellbeing and the wider reputation of the club as a safe and welcoming environment**
- 2 It makes good business sense – if a club is seen to be inclusive, to challenge inequality and discrimination and to ensure the safety and well-being of all participants – there will be increased participation particularly among underrepresented groups and a greater likelihood that participants will stay involved**
- 3 Legal responsibility – if a child experiences discrimination, victimisation or harassment based on their gender, race, disability, religious beliefs, faith, age or sexual orientation the club could face legal proceedings which are costly in terms of possible fines as well as a damaging loss of reputation**

### **3.6 EDUCATION**

**It is essential that a sufficient number of individuals within the club have a basic level of Safeguarding training to ensure that this Policy is adhered to throughout the club. The current course which gives this knowledge is 'Safeguarding and Protecting Children' (SPC.) This course is a sports coach UK course which is required for the RFL L2 Coaching Licence and is strongly recommended for all those working with children.**

**CWOs need more knowledge than other volunteers in order for them to be as effective as possible in fulfilling their role and responsibilities. This knowledge is imparted through the 'Time To Listen' (TTL) course. This course was designed by the NSPCC Child Protection in Sport Unit (CPSU) and has been amended by the RFL (with CPSU approval) to reflect practices within the game. Although this course is primarily aimed at CWOs, other volunteers are more than welcome to attend in order to increase their knowledge.**

### **3.7 MANAGING CHALLENGING BEHAVIOUR**

**Coaches & other volunteers may have to deal with challenging behaviour from the children or young people in their care. It is important that those involved in youth and junior Rugby League are aware of the RFL's Policy for Managing Challenging Behaviour which can be found on the RFL website.**

**This Policy aims to encourage good practice, suggest some strategies and sanctions which can be used and identify unacceptable sanctions or interventions which must never be used.**

The Policy is based on the following principles:

- The welfare of the child is paramount
- All those involved in the sport including children, coaches & volunteers should have clear guidelines about the standard of behaviour which is expected and the processes for dealing with behaviour which is unacceptable
- Children must never be subject to any form of treatment that is harmful, abusive, humiliating or degrading
- Some children's behaviour may be caused by medical or psychological conditions. Coaches & volunteers may need additional help including discussing the child's needs with parents and/or carers and possibly from external agencies that already support that child
- Rugby League can be a beneficial experience for all children and children should only be excluded from the sport in exceptional cases.

## **4 ABUSE &/OR POOR PRACTICE**

### **4.1 RECOGNISING ABUSE &/OR POOR PRACTICE**

It is essential that all adults involved with children in Rugby League understand what constitutes abuse and/or poor practice, how to recognise it and how to respond to disclosures and allegations (see Section 5). Abuse and poor practice can be very emotive and difficult subjects; however, it is important that they are discussed openly at clubs as this helps create an environment where people are more aware of the issues and sensitive to the needs of children. This open environment also gives people more confidence in recognising abuse and /or poor practice and reacting to it.

Abuse can and does occur outside the family setting. Even for those experienced in working with child abuse, it is not always easy to recognise a situation where abuse may occur or has already taken place. The staff and volunteers in Rugby League, whether in a paid or voluntary capacity, are not experts at such recognition. However, they do have a responsibility to act if they have any concerns about the behaviour of someone (an adult or another child) towards a child and to follow the procedures set out in Section 5 of this document.

### **4.2 DEFINING ABUSE**

Any person may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or institutional or club environment by people known to them or more rarely by a stranger. Children can be abused by adults or by other children and some forms of abuse may be carried out through social media.

The effects of abuse can be extremely damaging and if allowed to continue or left unacknowledged may follow a person into adulthood. For instance, a person who has been abused as a child may find it difficult to maintain stable or trusting relationships, may suffer from low self-esteem or self-harm, may become involved in drugs or prostitution, may attempt suicide and may inflict the same behaviour on to other children in future.

#### **4.2.1 Categories of Abuse**

##### **Physical Abuse**

A child is physically hurt or injured by an adult or an adult gives drugs or alcohol to a child.

##### **Neglect**

A child's basic physical needs are consistently not met or they are regularly left alone or unsupervised.

##### **Sexual Abuse**

An adult or peer uses a child to meet their own sexual needs.

## **Emotional Abuse**

**An adult persistently criticises, denigrates or puts unrealistic expectations on a child or subjects them to abuse due to their gender, race, age, disability, religion and faith and sexual orientation.**

## **Bullying**

**An adult or peer persistently or repeatedly uses hostile and/or intimidating behaviour towards a child.**

### **4.2.2 Poor Practice**

**Poor practice is the term used to describe practice which falls below the standards expected to such an extent that a child's welfare is compromised and is where an adult's or another child's behaviour is inappropriate and may be causing concern to a child. In application of this Policy, poor practice includes any behaviour of a Safeguarding nature which contravenes the RESPECT Code of Conduct or Coaches Code of Conduct, infringes an individual's rights and/ or is a failure to fulfil the highest standards of care. Poor practice is unacceptable in Rugby League, should never be sanctioned and will be treated seriously with appropriate actions taken.**

**Some examples of Poor Practice are:**

- **Insufficient care is taken to avoid injuries e.g. by excessive training or inappropriate training for the age or maturity, experience and ability of players**
- **Giving continued and unnecessary preferential treatment to individuals and regularly or unfairly rejecting others e.g. singling out and focusing on the talented players or the coach's own children or not having a fair team selection policy**
- **Having a win at all costs mentality.**
- **Placing children in potentially compromising and uncomfortable situations with adults**
- **Allowing abusive or concerning practices to go unchallenged and unreported e.g. failing to deal with or report a coach who ridicules or swears at players who make a mistake during a match**
- **Ignoring health and safety rules**
- **Failing to adhere to the game's RESPECT or other codes of conduct**
- **Failing to act to prevent one child harming or abusing another**
- **Issuing disciplinary sanctions which are not proportionate to age and/or involve violent or physical punishment or humiliation**

### **4.2.3 Practice Never to be Sanctioned**

**No one involved in the game should ever:**

- **Engage in rough, physical or sexually provocative games, including horseplay**
- **Share a room with a child**
- **Shower with a child**
- **Allow or engage in any form of inappropriate touching**
- **Allow children to use inappropriate language unchallenged**
- **Make sexually suggestive comments to a child, even in fun**
- **Reduce a child to tears as a form of control**
- **Allow allegations made by a child go unchallenged, unrecorded or not acted upon**
- **Do things of a personal nature for children, young people or disabled adults, that they can do for themselves**
- **Take a child or children to their home where they will be alone with them.**
- **Invite or allow a child or children to stay with them at their home unsupervised**
- **Contact a child directly by telephone or social media**

**N.B It may sometimes be necessary for staff or volunteers to do things of a personal nature for children, particularly if they are young or have a disability. These tasks should only be carried out with the full understanding and consent of parents and the players involved. There is a need to be responsive to a person's reactions. If a person is fully dependant on you, talk with him/her about what you are doing and give choices where possible. This is particularly true if you are involved in any dressing or undressing of outer clothing or where there is physical contact, lifting or assisting a child to carry out particular activities. Avoid taking on the responsibility for tasks for which you are not appropriately trained.**

**If any of the following incidents should occur to staff or volunteers they should be reported immediately to another colleague and make a written note of the event. This action should be taken as soon as possible for the protection of all individuals concerned. Parents should also be informed of the incident:**

- **If you accidentally hurt a player**
- **If he/she seems distressed in any manner**
- **If a player appears to be sexually aroused by your actions**
- **If a player misunderstands or misinterprets something you have done**

### **4.3 INDICATORS OF ABUSE**

**Indications that a child may be being abused include the following:**

- **Unexplained or suspicious injuries such as bruising, cuts or burns, particularly if situated on a part of the body not normally prone to such injuries**
- **An injury for which the explanation seems inconsistent**
- **The child describes what appears to be an abusive act involving him/her**
- **Someone else (a child or adult) expresses concern about the welfare of another child**
- **Unexplained changes in behaviour (e.g. becoming very quiet, withdrawn or displaying sudden outbursts of temper)**
- **Inappropriate sexual awareness**
- **Engaging in sexually explicit behaviour**
- **Distrust of adults, particularly those with whom a close relationship would normally be expected**
- **Has difficulty in making friends**
- **Is prevented from socialising with other children**
- **Displays variations in eating patterns including overeating or loss of appetite**
- **Loses weight for no apparent reason ☒ Becomes increasingly dirty or unkempt.**

**It should be recognised that this list is not exhaustive and the presence of one or more of the indicators is not proof that abuse is actually taking place. A good working relationship with parents will help to identify any concerns that a child may be experiencing, e.g. family bereavement.**

**It is not the responsibility of those working in Rugby League to decide that child abuse is occurring but it is their responsibility to act and pass on suspicions and/or information to the RFL SCMG and/or appropriate statutory agencies.**

## **4.4 AWARENESS OF INCREASED VULNERABILITY TO ABUSE**

**All those involved in rugby league need to be aware that some children can be more vulnerable to abuse because of their needs and background.**

### **4.4.1 Disability**

**Disabled Children may be more vulnerable to abuse because they may:**

- **Require intimate personal care**
- **Experience negative attitudes and abuse due to their disability**
- **May be ignored and excluded from activities if people fail to recognise that it is the barriers that society puts up which prevent their involvement not their disability per se**
- **May be dependent on their abuser for care**
- **Be less able to resist either verbally or physically**
- **Have a smaller network of friends to support and protect them**
- **Lack access to peer groups to discover what is acceptable behaviour**
- **Have significant communication difficulties including the use of sign language**
- **Be more likely to have their verbal or non-verbal communication misinterpreted as relating to their disability rather than abusive experiences**
- **Have medical needs which may be used to explain abuse.**

### **4.4.2 – Black & Minority Ethnic groups**

**Children from Black and Minority Ethnic groups may be more vulnerable to abuse because they may:**

- **Experience racism and racist attitudes**
- **Expect to be ignored by people in authority due to experience of institutionalised racism**
- **Be afraid of further abuse or racist abuse if they challenge others**
- **Be subjected to myths based on racial stereotyping**
- **Want to fit in and not want to make a fuss**
- **Be using or learning English as a second language and therefore find it more difficult to communicate.**

### **4.4.3 Religion and faith**

**Children from various religions and faiths may be more vulnerable to abuse because they may:**

- **Experience religious intolerance, fear or hatred based on their religious beliefs**
- **Be subjected to myths based on stereotypes**
- **Suffer bullying or assumptions about their commitment to the game due to their religious beliefs and practices**
- **Be discriminated against, harassed or bullied based on their actual or perceived religious beliefs due to fear of religious extremism.**

### **4.4.4 Sexual orientation**

**Children are often aware of their sexuality from an early age and many children may already identify as being lesbian, gay, bisexual or transgender (LGBT). LGBT Children may be more vulnerable to abuse because they may:**

- **Be subjected to homophobia – which includes bullying abuse or physical attacks**
- **Have their experiences as LGBT children rendered invisible by heterosexist attitudes and assumptions which assumes that everyone is heterosexual and that this is preferable to being gay.**

#### **4.4.5 Gender**

**When thinking about danger signs of grooming it is important to recognise that both boys and girls are groomed and/or sexually abused. Children in Rugby League may be subjected to bullying by children of the same or opposite sex and may have assumptions made relating to their sexuality or sexual orientation because of their involvement in playing a competitive contact sport such as Rugby League. Such assumptions or stereotypes are wholly inappropriate and should not be condoned as they may increase the vulnerability of some children to abuse.**

**It is important that both girls and boys are accorded the same levels of respect by all those working with them and should not be treated unequally because of their gender.**

#### **4.4.6 Match Officials**

**A considerable proportion of the match officials at youth and junior games are children and their role makes them particularly vulnerable to abuse in all its forms. Many young officials face verbal, emotional and even physical abuse whilst carrying out the role and many become disillusioned at best or suffer a significant and lasting loss of confidence when faced with abuse of this nature.**

**In addition to abuse from coaches and spectators match officials are vulnerable to abuse from other match officials. It is important that Leagues and Match Officials Societies implement all the safeguarding principles to protect young match officials.**

#### **4.4.7 Children who take on leadership roles**

**More and more children are taking on leadership and volunteering roles within Rugby League. This should be an enjoyable and positive experience. Unfortunately some adults (coaches, parents, volunteers and spectators) lose sight of the fact that an individual in a leadership role who is under 18 is still legally a child.**

**Many children suffer verbal, physical and emotional abuse in leadership roles. This is unacceptable in Rugby League and the harm that is caused to these children needs to be recognised by adults within the game.**

#### **4.4.8 Reducing the potential for vulnerability**

**Given the increased vulnerability of some groups of children it is important that clubs (match officials societies) create a safe culture including:**

- Finding ways of understanding and communicating with all children**
- Maintaining best practice at all times in physical and health care**
- Considering and responding to the diverse cultures within which a club is based**
- Respecting and valuing diversity**
- Building positive relationships with parents and carers and include them in club activities**
- Observing changes in mood, appearance and behaviour and discuss those concerns with families, carers, the CWO, or RFL Safeguarding Manager if suspicions or concerns are significantly raised about the care or welfare of the child**
- Acknowledging that disabled children are additionally vulnerable and that vigilance is essential**
- Having systems in place that ensures there is no abuse of match officials from anyone connected with the club**
- Taking a zero-tolerance approach to abusive behaviour directed towards a child who is carrying out a leadership role is not acceptable**
- Reporting inappropriate behaviour to the RFL Safeguarding Manager as abuse or poor practice**
- Ensuring that the RESPECT code of conduct is enforced and actively promoted at the club**
- Making sure that all club officials set good examples of behaviour at all times**

#### 4.5 RELATIONSHIPS OF TRUST

The power and influence that a coach (or other member of staff/volunteer) has over a child involved in sport cannot be under-estimated. If there is an additional competitive aspect to the activity and the coach/staff member/volunteer has some responsibility for the child's success or failure, then the power and influence of that person is increased. It is therefore vital for coaches/staff/volunteers to recognise these issues and to ensure that they do not abuse their relationships of trust.

Whilst young people aged 16 or 17 can legally consent to some types of sexual activity, the Sexual Offences Act 2003 states that "It is an offence for a person aged 18 or over to involve a child under that age in sexual activity where he or she is in a specified position of trust in relation to that child. This includes those who care for, advise, supervise or train children and young people". The RFL's policy is based on the principles within that Act.

Any person who has any direct and/or indirect power or influence over a Child within the Game (including, but not limited to coaches, team managers, match officials, CWOs and club officials) are in a relationship of trust with that Child. Each such person shall:

- act within appropriate boundaries in relation to all forms of communication with any such Child;
- not have intimate, sexual or inappropriate relationship with any such Child

Any breach of the above is serious Misconduct.

For the avoidance of doubt a Child may be in a relationship of trust with another Child where they have taken on a leadership role.

#### 4.6 GROOMING

The majority of adults working with children in Rugby League are committed to providing an enjoyable and safe environment in which to participate. However, a small proportion of adults actively seek opportunities to abuse children for their own sexual needs.

Sexual abuse of children is often the result of pre-meditated actions that are carefully planned. Preparing a child or organisation (i.e. a Club) is described as 'grooming' and is illegal under the provisions of The Sexual Offences Act 2003 and Misconduct under this Policy. It is important to understand how an abuser can 'groom' a club or parents or a child by appearing trustworthy and helpful, therefore giving the impression that they can take responsibility for a young person/some young people.

Abusers come from all sections of society, within and outside of the family and within and outside Rugby League. They may be perceived as 'respectable' people – the very last person anyone could suspect of abusing a child; this is usually the image they work hard to portray. Research into abuse demonstrates clearly that children are most likely to be abused by someone they know and who is likely to be in a position of trust with the child. Whilst the vast majority of sexual abusers are male, it is important not to overlook the fact that female sexual abusers do exist.

Sexual abusers use various techniques to 'groom' children, organizations and parents. These include:

- Seeking opportunities to be in contact with children, e.g. volunteering.
- Making friends with children, coaches, volunteers or parents
- Appearing trustworthy and helpful
- Giving presents to children or offering additional individual support/coaching
- Complementing the child to make them feel comfortable and confident.
- Threatening (you won't get picked for the team) or bribing (you will get picked for the team) the child
- Telling the child that it's normal

Abusers target children who they see as particularly vulnerable, this may be due to the child having low self-esteem or it appearing that they have little parental support. Therefore, children's parents should always be encouraged to be part of the club as this can act as an extra safeguard.

There are particular risks for talented children and these children are more at risk of abuse on 'away trips'. These risks are particularly acute at the point at which a player is at 'pre-peak' performance. These risks relate to:

- Separation from close family and friends– due to amount of 'away' travel and possibly living away from home
- Dependence on the coach for team selection, advice, emotional support, money.
- Lack of safeguards away from home such as lack of checks on accommodation practices
- Too much emphasis on winning and high performance and not enough on personal development and enjoyment. This environment can sometimes be condoned by parents.

Any concerns relating to an adult's behaviour or intentions towards children should be reported appropriately, see Section 5.

## **5 RESPONDING TO, RECORDING & REPORTING POOR PRACTICE, ABUSE AND BULLYING OR OTHER CONCERNS WITHIN OR OUTSIDE RUGBY LEAGUE**

### **5.1 BACKGROUND**

There is a legal and moral responsibility to report any concerns about a child within Rugby League and any concerns which may be raised about a child outside the sport. Child abuse of all types, particularly sexual abuse, can generate strong and confusing emotions in those facing such a situation for instance disbelief, disgust, anger etc. It is important to understand these feelings and not allow them to interfere with your judgement about any action to take. Abuse and poor practice can occur within many situations including the home, school and the sporting environment.

It is understood that people may often have concerns about reporting the behaviour of adults who are aggressive and potentially violent. Where possible the RFL will protect the identity of the person who has reported an incident when they feel threatened by the individual concerned. It should be remembered that if these individuals are intimidating to other adults they are likely to be even more intimidating to any children within their care and that there is a duty of care and an obligation under this Policy to report such behaviour.

Rugby League clubs are often close communities which generate strong loyalties between the volunteers working together. The RFL appreciates that it can be difficult to report close colleagues but would remind all those involved in the game of their over-riding moral duty to ensure the welfare of the children at the club above any sense of loyalty to colleagues or the club. All suspicions of abuse or cases of poor practice should be reported following the guidelines in this document.

A coach, official or volunteer may have regular contact with children and be an important link in the identifying cases where a child needs protection. In addition coaches can often become the only adult that a child feels they can trust. This can often lead to a coach receiving a disclosure about abuse outside the club environment. In these circumstances there is a duty to pass on the information and coaches and other volunteers need to be aware of the action to take in these circumstances.

### **5.2 WHISTLE BLOWING**

The RFL is determined to ensure that the culture of the sport is one in which it is safe, acceptable and gives confidence to those involved in rugby league to raise concerns about unacceptable practice and misconduct. The RFL rules make it an offence to harass or victimise a whistle blower.

## 5.3 WHAT TO REPORT

In order for the Safeguarding Case Management Group (SCMG) to carry out its responsibilities under the Safeguarding Policy the Group needs to be informed of the following issues or related allegations. In appropriate instances the Group will log the issue/allegation and refer it to the relevant League or Club to deal with and report back to the SCMG, alternatively the SCMG will deal with the issue/allegation itself or refer it to the appropriate statutory agencies. The following is a list of issues and/or allegations which should be referred to the SCMG, please note this is not exhaustive and if anyone in the game believes a Child is at risk of harm this should be reported.

### 5.3.1 Physical abuse

- Assault or inappropriate contact on a Child by an adult ☒ Allegations or suspicions that a Child is being physically abused in or outside Rugby League

### 5.3.2 Verbal Abuse

- Threatening and/or abusive language that causes (or that a reasonable adult would expect to cause) emotional distress to a Child

NB just because a Child does not appear to be emotionally distressed does not mean that they are not, when verbal abuse is regular Children learn to hide their feelings.

### 5.3.3 Racist, homophobic or other discriminatory abuse

- Racist, homophobic or other discriminatory abuse or allegations of abuse which have not resulted in a dismissal.

NB if the Match Official has heard the abuse and dismissed the player then the report should be dealt with in the same manner as any other dismissal

### 5.3.4 Neglect

- Allegations or suspicions that a Child is being neglected

### 5.3.5 Sexual abuse/breach of Relationships of Trust

- Allegations or suspicions that a Child is being sexually abused either in the game or in any other place eg school, home, church, by other Children.
- Allegations of an adult sharing a room with a Child, showering with Children, making sexually suggestive comments to a Child, inappropriate touching, taking or inviting a Child to their home on their own
- Allegations or suspicions that a volunteer or employee is entering into a sexual relationship with a Child under 18 involved in the game

### 5.3.6 Information about Participants

- Information and/or rumours about participants in the game which if true would lead a reasonable person to believe that the participant (regardless of age) may be a threat to the safety of Children

### 5.3.7 Bullying

- Bullying of Children by adults

Child on Child bullying should usually be dealt with by the CWO at the club who may contact the Safeguarding Manager for advice.

### 5.3.8 Poor Practice

Poor practice should initially be reported to the Safeguarding team who may choose to deal with it (particularly if either the adult concerned is already known to the Safeguarding team or if there have been a number of incidents of poor practice raised at a particular club which the club does not appear to be capable of dealing with) or may refer the issue back to the club/league to deal with internally. In these situations the club/league must report back on their findings.

### 5.4 WHAT ACTION TO TAKE TO REPORT CONCERNS, REPORT A DISCLOSURE OR AN ALLEGATION

On becoming aware of or witnessing a concern, receiving a disclosure or an allegation or a breach of this Policy you should:

In the case of Abuse:

- Contact the CWO who will report to the RFL Safeguarding Manager
- If the CWO is not available report your concerns direct to the RFL Safeguarding Manager
- The RFL Safeguarding Manager will report to the RFL Safeguarding Case Management Group or the statutory agencies as appropriate
- If neither the CWO or the Safeguarding Manager is available and immediate action is required to protect the child contact Children's Social Care or the police as appropriate

In the case of Poor Practice:

- Contact the CWO who will report to the RFL Safeguarding Manager
- If the CWO is not available report your concerns direct to the RFL Safeguarding Manager

### 5.5 ADVICE ON ACTION TO BE TAKEN IF A CHILD DISCLOSES TO YOU

The points below set out general principles to be followed with all concerns, allegations and disclosures.

If a child informs you directly that he/she, or another child, is concerned about someone's behaviour towards them (this is termed a 'disclosure') then:

The person receiving the information should:

- React calmly so as not to frighten or deter the child
- Believe what the child is telling you
- Tell the child he/she is not to blame and that he/she was right to tell
- Ensure the immediate safety of the child
- If the child needs immediate medical treatment, take them to hospital or telephone for an ambulance, inform doctors of the concerns and make sure that they know that this is a Safeguarding issue
- Take what the child says seriously, recognising the difficulties inherent in interpreting what is said by a child who has speech disability and/or differences in language
- Keep any questions to the minimum required to ensure a clear and accurate understanding of what has been said
- Do not ask leading questions or make suggestions about what may have happened
- Reassure the child but do not make promises of confidentiality which might not be feasible in the light of subsequent developments
- In the event of suspicion of sexual abuse do not let the child shower or wash until given permission to do so by the police as washing can destroy valuable evidence
- Where appropriate seek advice immediately from Children's Social Care or Police who will advise on the action to be taken, including advice on contacting parents, Expert advice can also be provided by the NSPCC Helpline on 0808 800 5000 or ChildLine on 0800 1111 (both 24 hours).
- Alternatively contact the RFL Safeguarding Team who can make referrals on your behalf
- Involve somebody else – if not Children's Social Care or Police then the CWO, or the RFL Safeguarding Manager so that you can begin to protect the child and gain support for yourself.

- Write down the details of the concern, incident and/or what the child has disclosed as soon as possible, including details of who this information has been shared with and when.

The person receiving the information should NOT:

- Panic
- Allow their shock or distaste to show
- Show any disbelief or fail to take the allegations seriously
- Ask questions other than to clarify that they have enough information to act
- Speculate or make assumptions
- Make negative comments about alleged abuser
- Approach the alleged abuser ☒
- Make promises or agree to keep secrets
- Take sole responsibility
- Shirk the responsibility to report the concern

## 5.6 CONFIDENTIALITY

Every effort should be made to ensure that confidentiality is maintained for all concerned. The legal principle that the “welfare of the child is paramount” means that considerations of confidentiality which might apply to other situations within the organisation should not be allowed to override the right of children to be protected from harm.

However every effort must be made to ensure that appropriate confidentiality is maintained when an allegation has been made and is being investigated.

Information should be handled and disseminated on a ‘need to know’ basis only. This may include the following people:

- The CWO
- The League Welfare Officer
- The RFL Safeguarding Manager and Safeguarding Case Management Group;
- The parents of the person who is alleged to have been abused (only following advice from the Children’s Social Care/Police or where the abuse does not involve the family)
- The person making the allegation
- Children’s Social Care/the Designated Officer/Police
- The alleged abuser (and parents if the alleged abuser is a young person) only following advice from the Children’s Social Care/Police.

Information should be stored in a secure place with limited access to designated people, in line with the data protection laws (e.g. that information is accurate, regularly updated, relevant and secure).

## 5.7 RECORDING THE INCIDENT OR ALLEGATION

Information passed to Children’s Social Care or the Police must provide as much detail as is available and relevant in order to be as helpful as possible, hence the necessity for making a detailed record at the time of the disclosure/concern.

Information required at the referral stage:

Child - Age/ gender / name / disabilities / address /date of birth/ contact details/ parental responsibility / agencies already working with the family / relationship between child and accused.

Accused - Name / address / contact details/ position – employee / volunteer / paid / level of coach; Any other allegations; Marital status; Age; Previous incidents.

## **Primary evidence**

**Core information about the alleged incident.**

- a) Facts from the person making the allegation including dates/times/venue/witness details;**
- b) Records with dates;**
- c) Has anyone else been informed or is anyone else already involved in the investigation.**

**Other than in the case of an emergency situation the initial report should be made to the RFL Safeguarding Manager who will act as the point of contact with the statutory authorities.**

**In an emergency reporting the matter to the Police or Children's Social Care should not be delayed by attempts to obtain more information. A record should also be made of the name and job title of the Children's Social Care or Police Officer whom the concerns were passed, together with the time and date of the call. Any information forwarded to the Children's Social Care or Police must also be provided to the RFL Safeguarding Manager and/or the RFL Safeguarding Case Management Group (as soon as reasonably possible) who will take over management of the case and consider any wider issues within the game and put in place relevant protections.**

**Where reports are made to the RFL, the Safeguarding Manager will inform the Designated Officer where relevant as soon as possible.**

**In cases which are not an emergency but where there are concerns about a child's welfare the RFL Safeguarding Manager can make a referral to Children's Social Care on behalf of a club.**

## **5.8 THE ROLE OF THE STATUTORY AGENCIES**

**Where clubs are made aware by any of the statutory agencies including but not limited to the Designated Officer, Children's Social Care and the Police, that their club or a volunteer or child at their club is subject to an investigation relevant to any issue related to the Safeguarding Policy the club must always inform the RFL Safeguarding Manager immediately. The RFL may have to take immediate action to protect the welfare of children but will always work in tandem with the statutory agencies.**

## **5.9 THE RFL CASE MANAGEMENT SYSTEM (Please refer to RFL Operational Rules D1 and D4 for full details)**

**All reports of alleged abuse or poor practice made to the RFL Safeguarding Manager are referred to the RFL Safeguarding Case Management Group (SCMG) who meet regularly throughout the year to consider those cases. The powers of the SCMG are set out in RFL Operational Rules Tiers 1-3 and Tiers 4-6.**

- The SCMG may refer allegations to the RFL's team of Independent Compliance Investigators, some of whom have specific Safeguarding experience. The Investigators will carry out an investigation and provide a report to the SCMG. Following the investigation the SCMG will consider the Compliance Investigator's report and decide on the course of action to take under the Operational Rules.**

**Where the Police and/or Children's Social Care and/or a Designated Officer is involved in a case the RFL SCMG will liaise with the statutory bodies and may defer any action until the statutory bodies have completed their work.**

**Irrespective of the findings of statutory bodies enquiries, the RFL Safeguarding Case Management Group will assess all individual cases to decide whether action should be taken by the RFL in line with the Operational Rules.**

**The welfare of the child will always remain paramount.**

#### **5.10 SUPPORT TO DEAL WITH THE AFTERMATH**

Consideration should be given about what support may be appropriate to children, parents and members of staff and volunteers. Use of Help Lines, support groups and open meetings will maintain an open culture and help the healing process. The British Association of Counselling Directory may be a useful resource. The RFL may be able to advise on counselling options.

#### **5.11 SUPPORT FOR THE ALLEGED PERPETRATOR**

Consideration should be given about what support may be appropriate to the alleged perpetrator of the abuse.
